This newsletter aims to provide families and young people with some useful tips for keeping healthy. Childhood is an important time to instil healthy habits and learn crucial life skills. Establishing these habits early on will help to improve your child’s quality of life in the future and enable them to reach their full potential educationally.

### Sun Awareness

**Week 9th-15th May**

**TTO MUCH SUN:**
- Can cause burns, headaches and sunstroke
- Damage eyes
- Lead to dehydration and heat exhaustion

**STAY SAFE:**
- Wear protective clothing and use sun cream
- Limit your time in the sun between 10 and 4 pm
- Wear sunglasses
- Sit in the shade at regular intervals

### School Aged Immunisation Programme

The School Aged Immunisation Service (SAIS) routinely administer the following vaccination programmes in school:

- **HPV 1** - Given to young people in Year 8 usually in terms 3 or 4
- **HPV 2** - Given to young people in Year 9 usually in terms 3 or 4
- **Tdp 5th dose (3 in 1 booster) and Men ACWY** - Given to young people in Year 9 usually terms 5 or 6

If any of these vaccinations have been missed they can still be given up to Year 11 in school or a community catch up clinic.

If your child has not had two doses of the MMR vaccine (usually given before a child starts school) these can also be given.

Please email immunisationteam@oxfordhealth.nhs.uk providing your Child’s name, age, the school they attend and which vaccination(s) have been missed.

If your child has missed their Covid vaccination please go to Coronavirus(COVID-19) vaccine for children aged 12 to 15 webpage to arrange an appointment.

To find out more information on what immunisations your child is due visit: [https://www.nhs.uk/conditions/vaccinations/](https://www.nhs.uk/conditions/vaccinations/)

For all immunisation queries please email ImmunisationTeam@oxfordhealth.nhs.uk

Learning Disability Week 20th - 26th June

Learning Disability Week is a great way to raise the awareness of learning disability across the UK. A learning disability is a reduced intellectual ability and difficulty with everyday activities – for example household tasks, socialising or managing money – which affects someone for their whole life. People with a learning disability tend to take longer to learn and may need support to develop new skills, understand complicated information and interact with other people.
